

Table of Contents

Section	Description
1	Introduction
2	Soils and Geology
2.1	Soil Types
2.2	Geology, Bedrock, Talus and Ridges
3	Water Resources and Aquatic Habitats
3.1	Watersheds
3.2	Rivers, Streams and Floodplains
3.3	Lakes and Ponds
3.4	Wetlands
3.5	Vernal Pools
3.6	Groundwater Aquifers and Recharge Zones
4	Habitats
4.1	Developed and Cultivated
4.2	Upland Forest, Shrub and Grassland
4.3	Wetlands
4.4	Aquatic
5	Wildlife
5.1	Animals
5.2	Plants
5.3	Healthy Habitat Method
5.4	Wildlife Corridors
5.5	State and Federally Listed Species Occurring in Meriden
6	Land Cover Patterns
6.1	Land Cover Changes Over Time
6.2	Agricultural Land
6.3	Existing Dedicated Open Space
7	Sustainability
7.1	Water Quantity and Quality
7.2	Biodiversity and Ecosystems
7.3	Climate Change Mitigation
7.4	Tree Canopy Cover
8	Public Access and Recreation
8.1	Trails, Paths and Bikeways
8.2	Shore Access and Boat Launches
8.3	Parks and Open Space
9	About This Document, Sources and Methods
